

LIVEWORKSHEET SAMPLE- "how it was made"

1. MATCH THE WORD TO ITS ANTONYM

hot	tall
sweet	close
short	warm
open	sour

A basic list done with or without a table with enough space between each line to draw textbox on liveworksheets.

Code: join:1 join:2

Join:2 join:1

2. SELECT/ CHOOSE THE VOWELS IN THE FOLOWING GROPU OF LETTERS

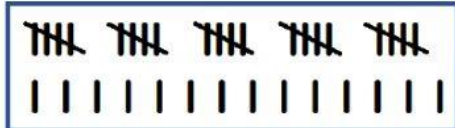

a w e p t n o d u

Type out options to choose from/ select. Ensure there is enough space between options.

Code: select:yes select:no

3. Complete the table below by adding the correct number of tally marks

color	tally	frequency
pink		7
blue		5

Provide items to drag. Ensure there is enough space to drop. Draw textbox on item to drag and make sure the textbox to drop item is big enough to cover the space the item needs to go. This helps the students to drop quickly and without having to find a needle in a haystack or an exact point on the sheet.

Code: drag:1 (what has to move) drop:1 (where it needs to go)

If the activity requires specific item in a specific place, use different numbers for each item.

See examples.

No. 3 is not specific and no. 4 is specific.

4. Place the steps for long division in order

Divide: $3 \overline{) 75}$ 3 goes into 7 2 times... with some extra!

Subtract: $3 \overline{) 75}$ -6 \rightarrow

Multiply: $3 \overline{) 75}$ $2 \times 3 = 6$

Repeat: $3 \overline{) 75}$ $15 \div 3 = 5$ $5 \times 3 = 15$

Bring Down: $3 \overline{) 75}$ -6 \downarrow 15

THE CORRECT ORDER IS:

1

2

3

4

5

5. Choose the correct answer:

True false

The national flag is:

- a. Red, white and black
- b. Blue, red and white
- c. None of the above

6. The emblems of Trinidad and Tobago are:

A basic list for multiple choice, true/false questions with enough space between each line to draw textbox on liveworksheets.

Code: tick;yes tick;no (both will tick)

Select:yes select:no

For Drop down questions enough space for answers is good after selecting.

Code: choose:option 1/option 2/option 3 (no space between colon and option and bars and option.*

Just draw a text box and enter "choose:" followed by the options separated with bars. In this case you must enter an asterisk before the right answer.

OTHER COMMANDS THAT CAN BE USEFUL:

- If you want to add a video from youtube, just draw a big textbox and enter the video URL. Textbox should be a good size for the video to be seen easily.
- To insert additional last minute text, open textbox and type '**print:**' and message or text. It will show up on worksheet.
- You can change how the answers appear when typed in. First click on "preview" (when editing) and fill in the textbox sample text. Then right click with your mouse on the box and you'll see a window with all the options: font, color, border, background.
- If you want to add a link to another web page, just draw a textbox and enter "**link:**" followed by the URL. This will generate a clickable link which opens a link in a new window.
