Bé hãy sắp xếp sự sinh sản phát triển của con rùa

The worksheet is designed for a sequencing activity. At the top, five empty boxes are numbered 1 through 5, connected by red arrows in a clockwise cycle. Below these boxes is a dashed line with a pair of scissors icon, indicating where to cut. Underneath the dashed line are four boxes containing illustrations of different stages of a turtle's life cycle: a large adult turtle, a small hatchling, a nest with eggs, and a nest with a hatching egg. The goal is to place the illustrations in the correct order within the numbered boxes.
