

UNIT 2 REVISION:

"FOOD FOR FRIENDS"

1. READ AND WRITE THE WORDS:

Vitamins and minerals help us to grow and be healthy. Vitamins are organic. Animals and plants make vitamins. Minerals are inorganic. Animals and plants absorb them from soil and water.

Vitamins

Vitamin A is important for your eyes. It helps you to see at night and to see in colour!

Foods with vitamin A: milk, carrots, pumpkin, broccoli, spinach.

Vitamin C helps your body to resist infection. Thank vitamin C when your cuts heal! It gives you strong teeth and bones too. Foods with vitamin C: kiwi, blueberries, oranges, spinach.

Vitamin B helps your body to convert food into energy. Say thank you to vitamin B when you win a race!

Foods with vitamin B: meat, fish, bread, eggs, spinach.

Vitamin E helps to keep your muscles strong.

Foods with vitamin E: nuts, avocados, spinach, broccoli, eggs, cereals.

Vitamin D is important for strong bones and teeth.

Your body makes vitamin D in your skin from sunlight too.

Foods with vitamin D: fish, milk, eggs, cereals.

Minerals

Calcium is in milk, yogurt, sardines and broccoli. It helps you to have strong bones and muscles.

Iron keeps your hair and skin strong. It's in cereals, red meat and nuts.

1 Your body makes this vitamin from sunlight.

2 This mineral keeps your hair and skin strong.

3 There's vitamin A, E and calcium in this vegetable.

4 These vitamins are important for strong bones.

and

5 This vitamin helps you to see at night.

6 There's vitamin B, D and E in this food.
