Insurance Risks

Paying an (0) ...insurance… premium may seem like a waste of money, but on the other hand, it can also be an (1) …………………… wise investment, saving you from serious (2) …………………… difficulties in the future.

There are various kinds of insurance policies covering such things as houses, cars, personal (3) …………………… and healthcare. Some forms of insurance are compulsory and others are (4) …………………….

One example of insurance which many people have a (5) …………………… not to bother with is holiday and travel insurance. They feel that spending extra money to cover themselves in the (6) …………………… event of something going wrong while on holiday is not an (7) …………………… idea. They prefer to risk it and hope that all will be well while they are away. So, (8) …………………… they avoid this kind of insurance, but more (9) …………………… types will be willing to pay the premium to feel covered in any (10) …………………… that may arise.
