Can you imagine having a person exactly the same like you? Imagine that you don't go to school on a Monday morning and ask that person to take your place or imagine that you have a very difficult exam and that person can answer it for you.

There are many twins in this world but there are some twins that become famous because of the recognition on TV.

Mary-Kate Olsen & Ashley Fuller Olsen are the example of a couple of famous twins. These American actresses and fashion designers began at the age of six in many TV series, movies and video projects, Producers liked to work with these girls because there was no difference in acting, they thought that Mary-Kate was **as** good **as** Ashely at remembering dialogues.

On the other hand, We have the example of the brothers, Bill and Tom Kaulitz, from the rock band Tokio Hotel,. Tom decided to play the guitar and Bill became the singer of the band because he doesn't play **as** cool **as** his brother Tom.

However, not all the twins are famous when they are artist, for example Gabriela Spanic, the actress, has her twin Daniela who **is not as** beautiful **as** her or Paul Disel who is not **as** strong **as** his twin Vin Disel.

In Mexico, There were some famous twins in the past **as** famous **as** the rest of the twins mentioned like, Pituca and Petaca or Ivonne and Ivette.
