# Littleburg Town Center Map

LIVEWORKSHEETS

This activity can be completed by a student individually, but working together in small groups (ideally 2-4 students in each) will provide more practice with the target language as students negotiate the task and each person's input.

Instructions:

1. Print a blank map and set of rectangles/cards (on this page and the next—24 in all) for each group.
2. Cut out the rectangles into individual cards and group together as a complete set with a blank map.
3. Give each group a set of cards and a blank map. Have them distribute the cards among themselves.
4. Instruct them to write in the names of each building on the map according to the directions on the cards. [Note: If they have trouble, advise them to start with cards about the hospital.]
5. When the buildings have all been labeled, allow students to check their work against the answer key/map.
6. Give students the worksheet to answer questions concerning the map.

| | | |
|---|---|---|
| The movie theater is next to the hospital. | The bowling alley is across the street from the hospital. | The hardware store is between the bowling alley and the drugstore. |
| The gas station is on the northeast corner of Main St. and Third Ave. | The laundromat is around the corner from the hardware store. | The school is next to the laundromat. |

LIVEWORKSHEETS
