Tara Lipinski, the famous figure skating winner of the 1998 Winter Olympics, is 29 years old now. She is a Gemini. Her birthday is on June 10th. She lives in Texas, but she is from Philadelphia, USA. She has got no brothers or sisters. She is not married and now works as a sports commentator.

This is part of an interview with her in those days:

‘My weekdays are quite tiring. I get up at half past seven and have breakfast. At half past eight, Mum drives me to the Detroit Skating Club. Every day I practise from nine o’ clock to lunchtime at twelve o’clock. My lunch break finishes at one o’clock. Then, I work with my coaches until a quarter to three. After that, my mother drives me home. There, I start lessons at home at three o’clock.

When my teacher leaves, at about half past six, I make dinner with my mother. After dinner, I do my homework or watch TV. I usually go to bed at half past nine. But I went to bed at eleven o’clock yesterday.

In my free time I go shopping, meet my friends, play tennis or go swimming. I don’t have much free time, but I enjoy every minute of it. At the moment, I am practising a lot because I have a very important competition next week.’
