Children 4 **PRACTICE 2 FINAL EXAM**

1. **Read and answer**

The Snowmen

Sammy and Ralph were snowmen. Sammy was Ralph's brother.

Sammy was a very proper little snowman. He always did what he had to do: he got up early, he went to school, he did his homework and listened to his mother. He never stayed in the sun for more than two hours because he knew it was dangerous for him.

Ralph was different. He never listened to his mother and always forgot to go to school. Ralph only wanted to have fun. He said the sun was not dangerous for him because he was wearing sunglasses, a yellow flowered hat and a bright blue shirt. Ralph also had a brown suitcase.

But Sammy and Ralph had one thing in common. Like all snowmen they had a beautiful orange carrot nose!

One day, Ralph decided to go for a walk. It was a very sunny day, there were no clouds in the sky. His suitcase was full of snowballs.

His brother, Sammy, told him "The snowballs are going to melt. You can't walk under the sun for a long time. They will ruin your suitcase."

But Ralph never listened to his brother, so he decided to go for a walk in the forest with his suitcase full of snowballs. After some time, the snowballs melted. Eventually, his suitcase was full of water!

But Ralph was very intelligent and solved his problem. He walked home and put his suitcase in the freezer. All the water in the suitcase turned to ice!

1. Why didn't Sammy stay in the sun for a long time?

_____

2. Sammy and Ralph had a lot of things in common. **YES** **NO**

3. Did Ralph always listen to his mother?

_____

4. Was Ralph's suitcase empty?

_____

5. Ralph put his suitcase in the freezer because he wanted the water to turn to ice. **YES** **NO**
