Process paragraph

A process paragraph describes how to do things step-by-step. First, you write a topic sentence that states what the process is. Then you explain each step clearly. Use time order words. They usually come at the beginning of a sentence and are followed by a comma. Do not use a comma after "then".

Useful language

first,		
the first step	after that	while
from then on		
then	before	when
the last step		
next	after	meanwhile
finally		
the next step		

Complete the text with suitable words in the box.

I make lemonade for my own enjoyment, even though it is easy to buy it at the store. (1) _____, I get six lemons to make lemonade. (2) _____ I cut the lemons in half and squeeze out the juice. I pour the juice through a strainer to take out the seeds. (3) _____, I add about a half cup of sugar to a cup of hot water to dissolve the sugar. (4) _____, I mix the lemon juice, sugar, water and several more cups of water in a pitcher. I add lots of ice to make it cold. It is delicious, and it is my favourite summer drink.
