

Find the products of 4 and 5.

$4 \times 3 = \underline{\hspace{2cm}}$

$5 \times 10 = \underline{\hspace{2cm}}$

$4 \times 5 = \underline{\hspace{2cm}}$

$5 \times 6 = \underline{\hspace{2cm}}$

$4 \times 7 = \underline{\hspace{2cm}}$

$5 \times 8 = \underline{\hspace{2cm}}$

$4 \times 9 = \underline{\hspace{2cm}}$

$5 \times 2 = \underline{\hspace{2cm}}$

$4 \times 1 = \underline{\hspace{2cm}}$

$5 \times 4 = \underline{\hspace{2cm}}$

$4 \times 10 = \underline{\hspace{2cm}}$

$5 \times 9 = \underline{\hspace{2cm}}$

$4 \times 8 = \underline{\hspace{2cm}}$

$5 \times 7 = \underline{\hspace{2cm}}$

$4 \times 6 = \underline{\hspace{2cm}}$

$5 \times 1 = \underline{\hspace{2cm}}$

$4 \times 4 = \underline{\hspace{2cm}}$

$5 \times 3 = \underline{\hspace{2cm}}$

$4 \times 2 = \underline{\hspace{2cm}}$

$5 \times 5 = \underline{\hspace{2cm}}$
