**Assignment:** On a separate sheet of paper, Using FRENCH WORDS, not digits, write down numbers for the following things.

1. Address (house number):

2. Phone number:

3. A friend's phone number:

4. A relative's phone number:

5. Date of birth:

**Assessment:** There is a group of foreign exchange students from Martinique staying with students at your school the next few weeks. They want to try some American-style pizza. Search for a phone number to a pizza place, and then say all ten digits of the number completely in French. Try not to use the chart!
