

Let's keep on practising the contrast between Simple Present and Present Continuous

A) Read the verbs and write them under the correct column

drives-- is playing - play- is riding - swims - watches - are playing - is reading -are eating - is running - cook - listens

SIMPLE PRESENT "usually"	PRESENT CONTINUOUS "now"
drives	

Now, look at what these people USUALLY do and what they ARE DOING NOW. Write sentences using the connector "BUT"

Example:

He **usually** drives his car but **today** he **is riding** his bike.

1

2

3

cook dinner/ eat a pizza

4
