It may be surprising, but scientists still have no **1**___ explanation for why we dream. There are plenty of **2**__ facts about dreams, but little agreement about their purpose. Many **3**__ scientists think that dreams allow a **4**__ opportunity for the brain to clear its 'hard disk' while we sleep. Others are more interested in the meaning of dreams, and although it may seem **5**__, some people are said to have predicted the future while dreaming. There is much that is **6**__ about dreams, so when you next wake up from a good night's sleep, why not try writing down your dreams as soon as you wake up? Because apparently, 95% of what you dream is forgotten before you get out of bed!
