Hi, my name is Mark and I love skydiving. It's an exciting sport. I started five years ago. I jumped from 900 metres and now I jump from more than 3,500 metres. Skydiving can be a hobby or a competitive sport. I practice a lot in France and Italy and I have won the French Skydiving Championship. Next year, I want to go to USA, there is an important competition in California in May.

I feel wonderful when I'm flying in the air. Of course, it's an extreme hard sport but I am really lucky. I've had some cut and bruises but I have never had a really bad experience. People think that skydiving is very dangerous but in fact cycling or car racing are more dangerous. I have tried other adventure sports before. I've been climbing and snowboarding a lot but skydiving is definitely the most exciting sport of all. I have some good friends and an excellent team which is necessary to feel safe all the time. For me the sky is the limit. I recommend you to try just once.
