

HOME AND HOUSING

INTRODUCTION – Types of houses

Doplňte k danému typu bydlení definici.

„I would like to open this topic with types of houses and their brief description. There are several types of houses. I would start with **studio flat, which is a small apartment with one main room used for both living and sleeping**. It's the most convenient type of housing for single people or young couples. ...“

Type		Definition
APARTMENT		
STUDIO FLAT		
BLOCK OF FLATS		
COTTAGE		
DETACHED HOUSE		
SEMI-DETACHED HOUSE		
MANSION		
SKYSCRAPER		

In the house, Equipment and Household duties

Doplňte slovíčka, která se hodí do následujícího textu. Podtržená slovíčka jsou dobrá na zapamatování.

V posledním bodě doplňte alespoň 3 výrazy pro domácí práce dle vlastního uvážení.

- Every house consists of several rooms.
- When you enter the house, you go to the _____ where you can take your shoes off and hang your coats.
- The heart of the house usually is _____, where you can find a sofa and a coffee table. When you have guests, you sit and chat right there. Most of the people watch a TV there. And most of mothers do the ironing in this room.
- _____ is a place where all the magic happens. The equipment for cooking is placed in there, such as stove, fridge, sink and dishwasher. There is also a trash can, where you can put the garbage away.
- Part of the kitchen or living room can be a _____ where you serve lunch or dinner.
- People have a shower or bath in a _____. You can find a wash-basin and a bathtub in there. Also most of the _____ includes a toilet.
- Generally the most favourite room of the house is a _____, which is a room where people take a rest. You can find a bed and some bedside tables in there. If you don't have a _____, you can find some wardrobe for clothes in this room as well.
- Some of the houses also have _____ which is right under the roof, and _____ for parking your car inside.
- And the last place, which comes to my mind, is a _____, where people can grow some flowers or have a barbecue with friends.
- Living in the house or flat requires a lot of work, such as _____, _____ and _____. But I guess that having a lot of work around the house is still better than being _____.

City / Village/ Town

„Now I would like to talk about living in the city, town and village. „

K 2., 3. a 4. bodu napište maximálně 4 věty.

Helpful hints:

- Availability
- Public transport
- Location
- Renting
- Cost of living

1. „Firstly let me explain the difference between them.“:

City –

Town –

Village -
