Hello, my name is Pablo. I study in a small school in Teruel. In my school, there are three classrooms, one computer room, a gym and a science lab. There is one toilet for the girls and one toilet for the boys. There is a small cafeteria. I eat breakfast in the cafeteria; my favourite food are cereals and yogurt.

I start school at nine o'clock. On Monday, I have English, maths and geography and after school, I play football. On Tuesday, I have maths, IT and music. On Wednesday, I have history, science and P.E and after school, I play the piano. On Thursday, I have English, maths and language. Finally, on Friday, I have science, English, art and, after school, I go to the swimming pool.

My favourite day is Tuesday because I have Information Technology class. I go to the computer room, and use computer to create power points presentations. We watch videos too. The teacher lets me play computer games when I finish my activities.
