Last August, my family and I went on holiday in Italy. We went by plane, and we stayed there eleven days.

The hotel was very nice. There were four swimming pools and beautiful gardens. The rooms were big and the beds were comfortable. They had all what we needed. The hotel was near the beach so we could walk there. The beach was clean and quiet. We swam in the sea a lot. It was just as we wanted it to be.

The hotel was full of guests from France, Germany, and England but nobody spoke Italian, so we all had to learn a little Italian to talk to local people. We made a lot of friends because people are friendly.

The food was amazing and all of us enjoyed it. We ate a lot of Italian food. We visited small villages and cities which were near the hotel, and we loved them. This year we are going to France, and we hope to have a great time there, too.

My family and I went to New York last month. We travelled on a huge plane. It was a very long journey, but we took lots of books and magazines with us to read.

When we got to the airport in New York, we went to arrivals, and we waited for our luggage. There were lots of other passengers waiting with us. We found our bags and we went to our hotel.

The hotel was a huge building, with a nice restaurant and a swimming pool. There was a gym in the hotel, so my mum did exercise every day. My brother and I went to the café with my dad, and we often ate ice cream there. The ice cream was very delicious, so we enjoyed it a lot.

We had a great time visiting some famous places in New York, like Statue of Liberty, Times Square, Central Park, the Brooklyn Bridge, etc. My brother and I took lots of beautiful photos and we printed some to stick on our fridge. It was a wonderful holiday.
