When my dad was little, his house was on an island in the sea. His house was a lighthouse! All the rooms in the lighthouse were very small. His dad, my grandpa, worked in the lighthouse. At the top of the lighthouse was a huge light. Dad's favorite room was the kitchen. His mother baked bread and cakes and dad helped her. Now my dad has a restaurant. Of course, his restaurant is by the sea and our house is next to it. We can see Grandpa's lighthouse from our garden.
