

# UNIT 7: MATTER

The universe is made up of matter.

Matter is found in three different states:  
**SOLID, LIQUID AND GAS.**

Matter cannot be created or destroyed; it just changes from one stage or form to another:

Some of these changes are reversible, but others are irreversible.

Complete using these words:

MATTER CANNOT GAS STATE  
SOLID CHANGE LIQUID DESTROYED

The universe is  
made up of  
\_\_\_\_\_

Matter  
has 3  
states:

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Matter \_\_\_\_\_ be created  
or \_\_\_\_\_. It can only  
\_\_\_\_\_ from one form or  
\_\_\_\_\_ to another.
