

Maturitní otázka – School and Education

Introduction – Educational system

Odkazují na učebnici New Maturita Activator – stránka 76, kde pod 2. cvičením naleznete toto krátké shrnutí.

Secondary education	Private school	Public schools	State schools	Middle school	Senior high school	Primary school	A-levels
---------------------	----------------	----------------	---------------	---------------	--------------------	----------------	----------

- Educational systems in Britain, the USA and the Czech Republic are to some extent similar.

- In the Czech Republic**, children go to right after **nursery school** (kindergarten).
- It is divided into 2 stages – the first stage is for pupils of age 6 to 11, and the second stage for pupils of age 12-15.
- Primary school is followed by three or four years of .

- In Britain** currently there is primary school for pupils of ages 5 to 11 and secondary school for pupils of ages 12 to 16 or 18.
- At the age of 18, students who want to go to university take , which are a type of **school-leaving exam**.
- Most of the children are educated in , which are paid by government.
- About 7 % of students attend independent schools, which are in Britain called . The most popular are in Eton, Harrow or Rugby.

- In the USA**, primary school is followed by , or more precisely .
- As well as in Britain, most of the students attend state schools, but they also have an option to attend an independent school, which is in the USA called .

Subjects, People in school and Activities

Ke každé otázce napište alespoň 3 věty (s výjimkou 3. úkolu).

„Now I would like to talk about school subjects and people in school.“

1. What are the most favourite subjects at school in general? Also mention a little description of the particular subject (f.e.: *Chemistry – where we do some experiments*). Name 3 subjects.

2. On the other hand, what are the most disliked subjects in general? Also mention a little description of the particular subject. Name 3 subjects.

3. „There are several people appearing at school – students and teaching staff“. Name them and add a short sentence description to each of them. What are their activities and responsibilities at school?
