

BODIES OF WATER

RIVER

The largest bodies of salt water.

SEA

Artificial lake filled by rivers, used to supply water or get energy.

WATER POND

They are enclosed bodies of fresh water.

OCEAN

Artificial little lake used to provide water for agriculture, livestock and communities. It is sometimes used for recreation.

RESERVOIR

Large bodies of salt water, similar to oceans but smaller.

LAKE

It is water that flows over the ground, usually towards a body of water, such as an ocean, a sea or a lake.
