2. **VERBS IN SIMPLE PAST TENSE**

Please read this letter, then write verbs in Simple Past.

Hello, I'm Alex. I'm from Greece. I'm going to tell you about how people lived in my country in ancient times.

People lived in small houses. Some rich people painted the walls of their houses and decorated them with pictures. They also built temples in the towns and cities and decorated them with paintings.

People fished and worked on farms to grow food like fruit or vegetables. They used coins and money to buy food in the market.

People in Ancient Greece used a writing system with an alphabet. Alpha and beta were the first two letters.

I hope this helps with your school project.

From,

Alex
