

Where We Are In Place And Time

Week 3 – Math Assessment

1. Drag the words **POINT**, **LINE**, **LINE SEGMENT** and drop them below the following figures:

1)

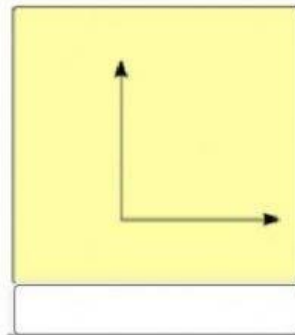

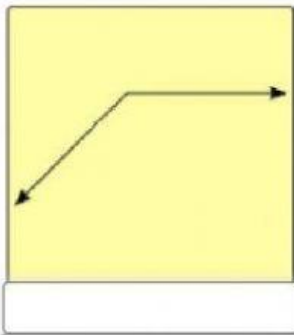

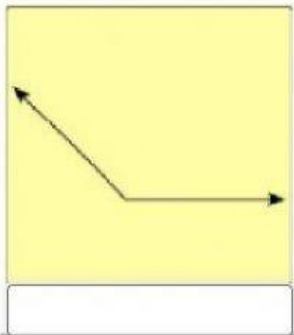

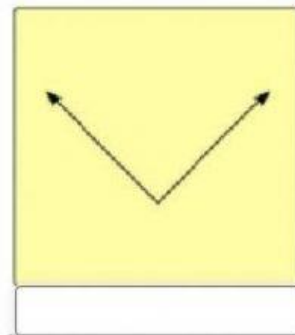

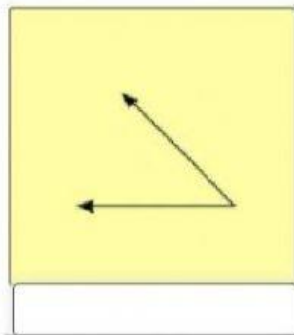

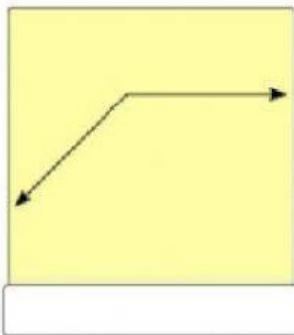

2)

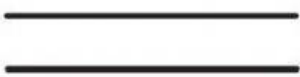

3)

2. Write **RIGHT ANGLE**, **LESS THAN**, **GREATER THAN** according to the pictures:

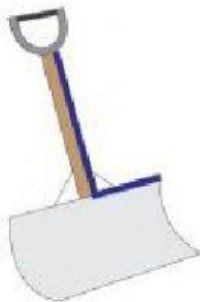

3. Check the boxes (parallel or perpendicular) for each set of lines:

 ☐ parallel ☐ perpendicular	 ☐ parallel ☐ perpendicular	 ☐ parallel ☐ perpendicular
 ☐ parallel ☐ perpendicular	 ☐ parallel ☐ perpendicular	 ☐ parallel ☐ perpendicular

4. Identify the highlighted pair of lines in each object as parallel or perpendicular.

1)

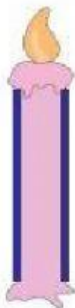

2)

3)

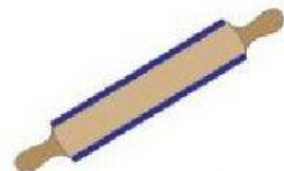

4)

5)

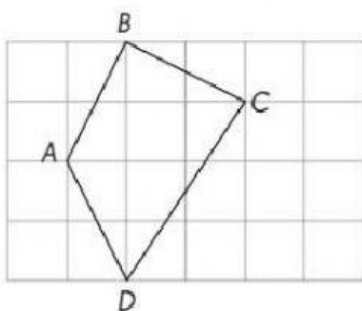

6)

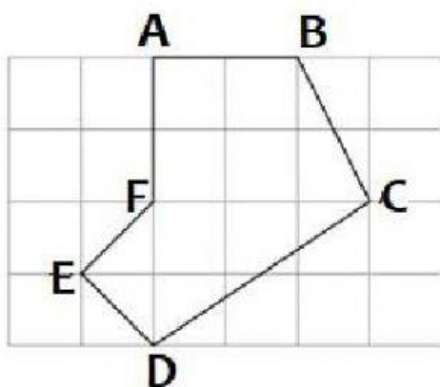

5. Name all the pairs of **perpendicular** line segments in each figure:

Example

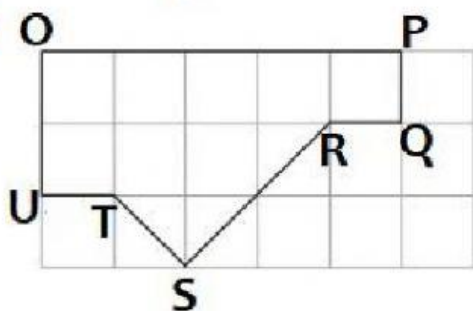

AB and BC

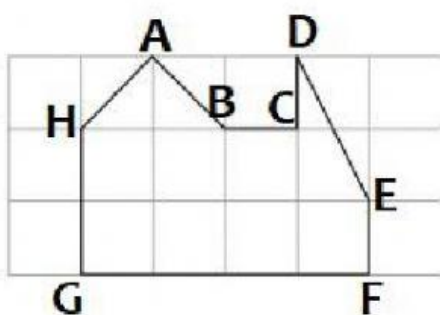

1

2

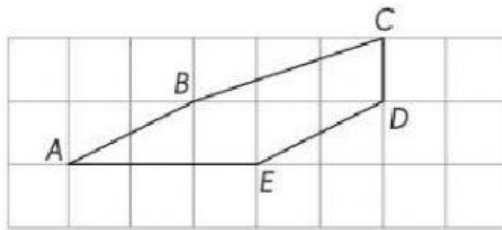

3

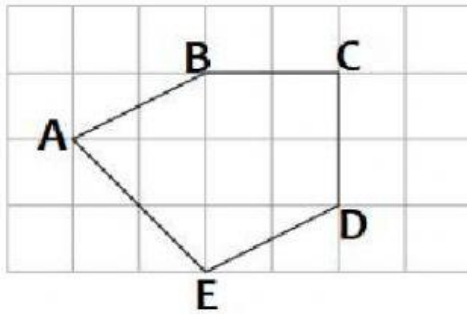

6. Name all the pairs of **parallel** line segments in each figure:

Example

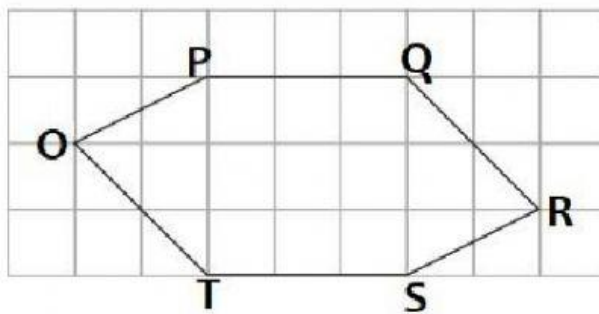

AB and ED

1

2

3
