Our flat is in a quiet street. It's on the sixth floor, but luckily there's a lift. There are two bedrooms. There's a great view from my bedroom window. The walls in my room are green. There's a clock and a mirror on the walls, but there aren't any posters.

Our house is a terraced house in the centre of Liverpool. It isn't very quiet, but it's great. There's a living room, a kitchen, a bathroom and there are three bedrooms. The house is 150 years old. There's a garden, but it's very small. There aren't any trees.

Our flat is on the fourth floor of a block. There isn't a lift! My bedroom is quite big, but the view isn't very good. There's a bed, a wardrobe, a desk and lots of posters on my walls. The flat is very modern and there's a big garden with trees in it for the people here.
