TRANSPORT

Name: _____

Read the text

We all use transport, for Example, to go to school, to go to work, to go shopping, to go to the cinema, to visit friends or to go on holiday.

There are many different forms of transport: bike, motorbikes, cars, buses, trains, trams or planes.

Some forms of transport use petrol or diesel and cause pollution. Other forms of transport are clean and "green"

We need to look after the enviroment. It is a good idea to share car journeys and to use public transport or "green transport" when you can.

Answer the questions

1.- Why do we use transport?

_____

2.- Do all forms of transport cause pollution?

_____

3.- What can we do to look after the enviroment?
