HOW WILL WE LIVE?

Picture this: You wake up in the morning. A soft light turns on in your room. You go into the bathroom and the shower starts. The water is the perfect temperature. After your shower, you go into the kitchen. Your favorite breakfast is already cooked, and it's on the table, ready to eat. Now it's time to go to work. It's a rainy day. You live alone, but you find that your umbrella and hat are already by the door. How is all this possible? Welcome to your future life!

Skim the reading passage on pages 105–106 quickly. Check (✓) the topics that the passage covers. Then check your answers as you read.

- ☐ 1. cars that drive themselves
- ☐ 2. things in the home that send information to one another
