SUBJECT:	English	UNIT:	2	Date:	
TEACHER:	Dip. Sonia Lucero	GRADE:	Fourth	Parallel:	

Read and answer the questions:

1. Where do kangaroos live?

2. What do they eat?

Kangaroos can!

Kangaroos live in Australia. They eat grass, leaves, and fruit.

Kangaroos have very strong back legs and they can hop very fast. In fact, they can travel almost 60 kilometers per hour.

Kangaroos have some fantastic abilities. They can jump very far – up to nine meters.

Kangaroos' tails are very strong. They can sit on their tails and use their legs to fight. I think kangaroos are amazing animals.

Unscramble the sentences about kangaroos.

very fast.	can	Kangaroos	hop	
jump	Kangaroos	nine meters	can	up to
Kangaroos	on their tails	can	sit
