Questions 38-40 refer to the following conversation.

AU-US

M: Stephanie, do you have a minute? [38]I looked at the maintenance manual you prepared. [39]What do you think about adding more pictures? The new factory employees might not be familiar with the names of some of the equipment.

W: Hmm... Maybe you're right. I was thinking about that, but the HR department wanted to keep the page number low to save on printing costs.

M: Okay, but I think it should be easier to understand and follow. [40]Here is a previous version you can refer to. And, I will meet with the HR manager and convince her that the extra pages are worth the cost.

W: Excuse me. [41]I'm wondering if I can hang up a flyer on the bulletin board near the entrance.

M: That depends on what it's for. We don't allow commercial advertisements there.

W: [41]It's a flyer for a community play at Redrock Hall.

M: That'll be just fine. [42]Our coffee shop loves to help bring attention to local shows.

W: Thanks. I'm glad to hear that.

M: In fact, [43]it would be even better if you left a stack of flyers near the checkout till. But, um ... maybe you don't have enough.

W: I have plenty more.

M: Okay, great! I hope you get a lot of people to attend your show.
