A maze puzzle with a grid of 9 squares. A red ant is at the top left, pointing right. A yellow box at the top center contains the equation $11 + 28$. The maze contains various animals and objects, each associated with a math problem in a yellow box. The path is indicated by a green arrow at the bottom right, pointing up towards a mole emerging from a molehill.

 $75 - 35$	 $6 + 72$	 $18 + 71$
 $36 + 13$	 $83 - 44$	 $50 - 20$
 $40 + 29$	 $83 - 43$	 $50 - 22$ $13 + 69$
