Lesson 4 Planning a desert exploration

1 **Read** what Ibrahim said. Put the sections in the right order.

Paragraph order: 1 ☐ 2 ☐ 3 ☐

a If you look at our map, you can see where our exploration trip will start – in the city of Al Bahah. From here we're going to travel down to the city of Abha – here. It is very close to the desert. We'll take a big tent so we can camp and spend the night here. From Abha, we'll move into the desert until we come to where the sand cats live. Then we'll set up our video cameras to record them and find out what they eat and where they sleep.

b There are lots of dangerous insects in the desert, such as scorpions, spiders and bees. We'll take light clothes that cover our arms and legs and wear lots of insect repellent. When we're sleeping, we'll close our tents well to keep out any dangerous animals. When we get home, we're going to use our videos to make a TV documentary about sand cats in the Rub' Al Khali desert.

c Hi, I'm Ibrahim and this is Nader and Matar. We're here to present our exploration plan. We're going to go on an exploration trip to the Rub' Al Khali desert, to find out about wild sand cats. We're going to find out more about how and where they live so that we can understand and protect them better.
