READING : TRACK 21

EXCELLENT EXERCISE

Being active is very important, but do you know why? There are many benefits to exercise. It is good for your mind and body in many ways.

- 😊 Exercise makes your body stronger. You need a strong body so you don't get sick easily.
- 😊 Exercise is good for your heart. Your heart pumps blood around your body. The more you exercise, the stronger your heart is.
- 😊 Exercise helps you keep a healthy weight. A healthy weight is important so you don't get sick.
- 😊 Exercise helps your brain work better. When you exercise, more blood goes through your brain. The more blood through your brain, the better your memory get.
- 😊 Exercise makes you happier that goes. Exercise is a great way to reduce stress. It gives you more energy to do things that make you happy. The more things you do, the better you sleep.

There's a kind of exercise out there for everyone. You can do it alone or with others. You can ride your bike or climb the stairs. You can learn a new team sport. You will meet people and make friends! Exercise makes you strong, healthy, and happy. And it's fun to exercise. So don't forget to exercise!
