# 14 Data Handling

**Worksheet 1****Tally Charts and Frequency Tables**

These items are found in John's stationery box.

pen

ruler

eraser

scissors

He counts the number of erasers, pens, rulers and scissors in the box.

(a) Complete the table:

Item	Tally	Number of items
Eraser		
Pen		
Ruler		
Scissors		

(b) How many erasers are there?

\_\_\_\_\_ erasers

(c) How many more pens than rulers are there?

\_\_\_\_\_ pens

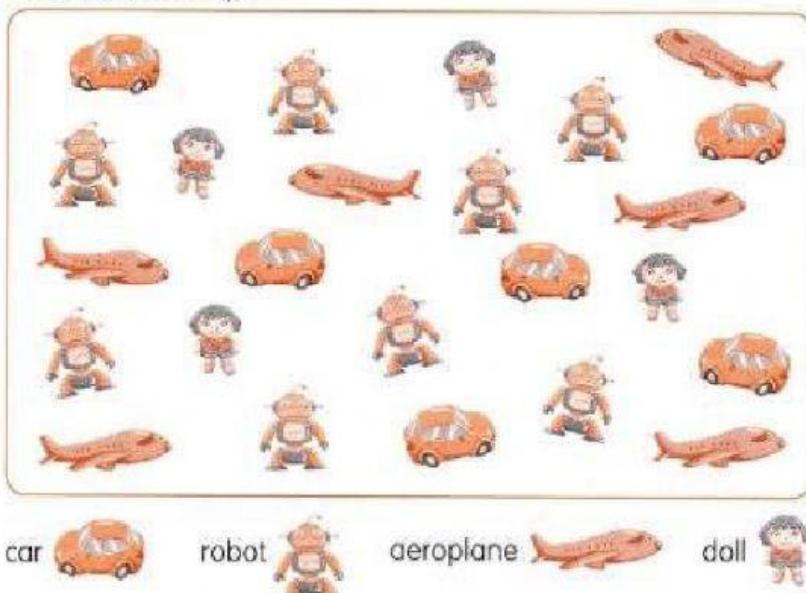

(d) How many items are there in John's stationery box altogether?

\_\_\_\_\_ items

## Worksheet 2

### Pictograms With Scales

1 Here are some toys.

Show the number of toys in the pictogram by shading .

Car		
Robot		
Aeroplane		
Doll		

**Key**  represents 2 toys

How many more robots than dolls are there?

 robots

How many fewer aeroplanes than robots are there?

 aeroplanes

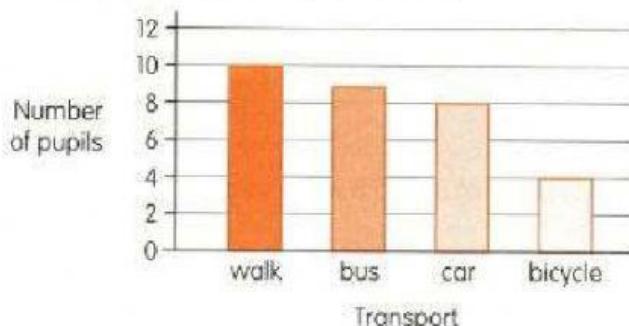

How many toys are there altogether?

 toys

## Worksheet 3

### Bar Charts

1 The bar chart shows the form of transport used by each pupil of a class to go to school.

(a) How many pupils go to school by bus?

\_\_\_\_\_ pupils

(b) How many pupils go to school by bicycle?

\_\_\_\_\_ pupils

(c) How many more pupils go to school by bus than by bicycle?

\_\_\_\_\_ pupils

(d) How many pupils are there in the class?

\_\_\_\_\_ pupils

## Worksheet 4

### Sorting Data Using Two Criteria

A teacher recorded the number of medals won by each team at a sports meet.

The table shows the results.

Team	Number of medals		
	Gold	Silver	Bronze
A	12	15	12
B	13	11	11
C	11	7	8
D	4	7	9

(a) How many gold medals did Team A win?

\_\_\_\_\_ gold medals

(b) Which team won the same number of silver and bronze medals?

\_\_\_\_\_

(c) Which team won two more gold medals than Team C?

\_\_\_\_\_

Which two teams won the same number of silver medals?

\_\_\_\_\_ and \_\_\_\_\_

Complete the Carroll diagram.

	Team A	Not Team A
Gold	12	
Not Gold		53
