### HENNSIZER M13 HEADPHONES

Just £18.99 - lowest ever price

OWEN ★★★★★

This is my second pair of Henssizer headphones - I'm their biggest fan! They're heavier and bigger than my old ones but the most important thing is that they sound fantastic!

ROSIE ★★★★★

They really are the trendiest headphones! They're comfortable and they look good - my journey to school is definitely more enjoyable these days. One small problem - they're too big for my pocket!

LEAH ★★★★★

You can buy cheaper headphones but they aren't as good as these. They're definitely better than the headphones that came with my MP3 player.

CALLY ★★★★★

My Henssizer FL40 headphones stopped working. The M13 headphones are *more expensive* (expensive) but I bought them. That was my  (big) mistake! They're  (uncomfortable) than my old headphones. I think the quality isn't as good as the FL40 and the sound is  (bad) too. The  (annoying) thing is that the cable is too long! I was  (happy) with my  (cheap) headphones!
