

ÎMPĂRȚIREA CU REST

Prof. Lukacs Tiberiu

1. Efectuați următoarele împărțiri și apoi precizați câtul și restul:

- | | | | | | | | |
|--------------|----------------------|------|----------------------|---------------|----------------------|------|----------------------|
| a) $15:2=$ | <input type="text"/> | rest | <input type="text"/> | b) $24:5=$ | <input type="text"/> | rest | <input type="text"/> |
| c) $124:3=$ | <input type="text"/> | rest | <input type="text"/> | d) $326:4=$ | <input type="text"/> | rest | <input type="text"/> |
| e) $352:2=$ | <input type="text"/> | rest | <input type="text"/> | f) $523:5=$ | <input type="text"/> | rest | <input type="text"/> |
| g) $429:7=$ | <input type="text"/> | rest | <input type="text"/> | h) $954:11=$ | <input type="text"/> | rest | <input type="text"/> |
| i) $624:12=$ | <input type="text"/> | rest | <input type="text"/> | j) $3245:10=$ | <input type="text"/> | rest | <input type="text"/> |

2. Aplicați Teorema Împărțirii cu rest pentru exercițiul de mai sus

- | | | | | | | | | | |
|-----------|------------|----------------------|-----|----------------------|------------|------------|----------------------|-----|----------------------|
| a) $15=$ | $2 \cdot$ | <input type="text"/> | $+$ | <input type="text"/> | b) $24=$ | $5 \cdot$ | <input type="text"/> | $+$ | <input type="text"/> |
| c) $124=$ | $3 \cdot$ | <input type="text"/> | $+$ | <input type="text"/> | d) $326=$ | $4 \cdot$ | <input type="text"/> | $+$ | <input type="text"/> |
| e) $352=$ | $2 \cdot$ | <input type="text"/> | $+$ | <input type="text"/> | f) $523=$ | $5 \cdot$ | <input type="text"/> | $+$ | <input type="text"/> |
| g) $429=$ | $7 \cdot$ | <input type="text"/> | $+$ | <input type="text"/> | h) $954=$ | $11 \cdot$ | <input type="text"/> | $+$ | <input type="text"/> |
| i) $624=$ | $12 \cdot$ | <input type="text"/> | $+$ | <input type="text"/> | j) $3245=$ | $10 \cdot$ | <input type="text"/> | $+$ | <input type="text"/> |

3. Completați cu numărul corect

- | | | | | | |
|----------------------|-----------|--------|----------------------|-------------|---------|
| <input type="text"/> | $: 3 = 4$ | rest 2 | <input type="text"/> | $: 9 = 12$ | rest 3 |
| <input type="text"/> | $: 5 = 7$ | rest 4 | <input type="text"/> | $: 12 = 5$ | rest 7 |
| <input type="text"/> | $: 2 = 6$ | rest 1 | <input type="text"/> | $: 15 = 7$ | rest 10 |
| <input type="text"/> | $: 7 = 4$ | rest 5 | <input type="text"/> | $: 11 = 10$ | rest 2 |
| <input type="text"/> | $: 3 = 8$ | rest 0 | <input type="text"/> | $: 15 = 6$ | rest 12 |

4. Numerele care împărțite la 5 dau câtul 9 sunt:

- | | | | |
|----------------------|-----------|------|----------------------|
| <input type="text"/> | $: 5 = 9$ | rest | <input type="text"/> |
| <input type="text"/> | $: 5 = 9$ | rest | <input type="text"/> |
| <input type="text"/> | $: 5 = 9$ | rest | <input type="text"/> |
| <input type="text"/> | $: 5 = 9$ | rest | <input type="text"/> |
| <input type="text"/> | $: 5 = 9$ | rest | <input type="text"/> |
