FOOD OF TYPICAL WET RICE COUNTRY

Vietnamese sometime wonder how westerners can eat bread days after days but the vice-versa also holds water. Most tourists coming to Vietnam are amazed at the omni-presence of rice and rice-related dishes.

Rice is an object for worshipping in many temples of Vietnam. It is said to originate from the Mother Goddess Worshipping, the most long-standing belief in Vietnam. Yes rice is a big thing out here. The very first written characters constituting the word "Happiness" in ancient Vietnamese is the image of many rice plants and a square symbolizing a paddy field. Rice is not only happiness, it really forms Vietnamese.

Accordingly, many main dishes and snacks in Vietnam are made from rice: boiled rice in daily meal, rice porridge, steamed rice, glutinous rice cake, well-known Banh Chung (square cake) and uncountable made-from rice dishes from every region in Vietnam.

Even the universal Pho that you definitely hear about is made from rice as well. Rice is the center of everything, like a sun lying in the center of the whole solar planet.

Considering rice important, Vietnamese has been always developing their farming method and new rice genres. Many Vietnam rice varieties exported to all over the world are renowned for their distinctive flavor, yet only when coming to Vietnam and have boiled rice with soya sauce pickled egg-plants, your adventure to Vietnam is considered perfect.
