Alpaca wool

Do you know this animal? This is an alpaca. It's got four legs and long hair. Alpacas live in the Andes Mountains in Peru.

The hair of an alpaca is like the hair of a sheep. It's called wool. People cut the wool. Then people clean the wool. They use the wool to make clothes. They use lots of colours. How many colours can you see?

- 1 Alpacas have got two legs.
- 2 Alpacas have got short hair.
- 3 Alpacas live in Peru.
- 4 People make things from alpaca wool.
