

Angles in Polygons

Calculate the value of x .

1.

Sum of the interior angles = _____[°]

$x =$ _____[°]

2.

Sum of the interior angles = _____[°]

$x =$ _____[°]

3.

Sum of the interior angles = _____[°]

$x =$ _____[°]

4.

Sum of the interior angles = _____[°]

$x =$ _____[°]

5.

Sum of the interior angles = _____°

$x =$ _____°

6.

Sum of the interior angles = _____°

$x =$ _____°

7.

Sum of the interior angles = _____°

$x =$ _____°

8.

Sum of the interior angles = _____°

$x =$ _____°

9.

Sum of the interior angles = _____^o

x = _____^o

10.

Sum of the interior angles = _____^o

x = _____^o
