Read the following description and put the adjectives into the correct order.

Recently I've been to the nearest furniture shop. I've seen one interesting coffee table. It is a (leather, old, rectangular) suitcase. Each corner of the table is covered by a (dark, small, leather) patch, which is fastened by (metal, tiny, round) studs.

It has got (transparent, shiny, glass) top, and also it has got a handle. There are two (metal, golden, small) locks on either side of the handle.

The suitcase table has got (wooden, small, square) legs. I am going to buy it!
