

Year 2 Science  
(Week 3)

Scientific Enquiry Skills – Classifying Objects

Name: \_\_\_\_\_ Class: Year 2 A B C D Date: \_\_\_\_\_

When we **classify** objects or living things, we **put them into groups** using **what is similar** about them.  
Observe the following objects and sort them into the correct groups.

| plastic | glass | wood |
|---------|-------|------|
|         |       |      |

We can classify the items differently using what they are made from and what they are used for.

|                             | plastic | glass | wood |
|-----------------------------|---------|-------|------|
| measuring instruments       |         |       |      |
| container for food or drink |         |       |      |
