

Dear Jonh,

Hi! How are you?

I have been really busy lately because I am taking part in a Young Investor's Competition next month. It is at the National Exhibition Centre on the 17th August. It starts at 10 am and finishes at 6 pm. I will give a presentation of my invention to hundreds of people.

Until then I will be working night and day to improve it. I won't tell you now what it is but I think everyone will be surprised. By the day of the competition I think I will have had enough time to make it perfect. Do you know I have been working on it for almost a year by then?

Well, that's all for now. I hope you can come and see me and my invention.

Write back soon.

Owen
