

PART III: READING COMPREHENSION 141-200

Directions: Read this fable and answer the questions. (141 – 145)

One day in summer, a grasshopper was hopping, dancing and singing happily in a field. Then the grasshopper saw an ant was carrying an ear of a nut to its nest. He asked, “Why don’t come and chat with me? You don’t have to do that hard work.” The ant answered the grasshopper, “I have to prepare my food for the winter and you should do the same.”

The grasshopper didn’t care about the ant’s advice and said, “We have plenty of food at the present” The ant went away and worked. When the winter came, the grasshopper had no food so it was very hungry while the ant had much more food to survive from winter to summer.
