

ADDIZIONI CON DOPPIO RIPORTO

The worksheet is framed by a brown wooden border. Large, colorful numbers and symbols are placed around the border: a red '+' at the top left, a yellow '5' at the top, an orange '1' at the top right, a pink '8' at the top right, an orange 'x' at the top right, a green '=' at the top right, a yellow '0' on the left, a blue '1' on the left, a pink '6' at the bottom left, a blue '2' at the bottom, a red '3' at the bottom right, and a blue '4' at the bottom right. There are also small blue and yellow circles on the right side.

Inside the frame, there are six addition problems arranged in a 2x3 grid. Each problem is presented in a 3x3 grid format, with a '+' sign to the right of the first row and an '=' sign to the right of the second row. The first two rows of each grid contain the numbers to be added, and the third row is left empty for the student to write the result.
