Activity 1 Reading

Read the text and learn about food chains.

Name :

We use pictures of food chains to show how different animals and plants need each other. Some animals are **predators**. They eat other animals. The animals they eat are called **prey**. Some animals only eat plants. These animals are called **herbivores**. Some animals only eat other animals. These animals are called **carnivores**.

This picture shows part of the food chain in Kenya. Grass is eaten by cows, sheep, goats, zebras [illegible]

Look at the **bold** words. Match them to the meanings below.

1 animals that eat other animals _____

2 animals that are eaten _____

3 animals that only eat plants _____

4 animals that only eat other animals _____
