David's holiday on the island

David lives with his parents in a big city, but his grandparents and cousin, William, live far away on an island. Last summer, David flew to see them for the first time.

David was hot and tired when he got off the plane. The island was very different from David's city. He didn't like it. 'Oh no!' he thought. 'I've got to stay here for a month!' His grandparents' house was very old and small. When David went to his bedroom, he found a green lizard on his bed! At night, it was too hot to sleep and the frogs outside were very noisy.

The next morning, the grandparents took the boys to a beautiful beach. David and William swam and played in the sea for a long time. Then David was thirsty, so William climbed a tree and got a coconut for him.

David drank the coconut milk. 'This is lovely! I'm beginning to like this island!' he thought.

A month later, it was time for David to go home. Before he went, he phoned his parents. 'Dad, can I come here again next year, please?' he asked. 'Of course, and I'll come too,' answered his father. David was sad when he said goodbye to everyone, but William said, 'I'll send you lots of emails – one every week!'

Astronauts

example

The planets and stars are very far away from us. For many years people have wanted to visit space and the moon. People

1 go into space are called 'astronauts'. The first
2 astronaut went into space about 40 years , and some
3 people went to the moon about 8 years

4 It is dangerous in space. Small pieces of rock past very
quickly all the time. There is no air, so there are no animals or plants.

5 Astronauts have to take air, water and food them. In
6 space, you pick up very heavy things easily, but it is
7 difficult to eat and drink. is very strange for astronauts.

8 It isn't good for our bodies to be in space for long time.

9 Astronauts don't usually stay there for very long, some
have stayed for a year without any problems. Perhaps in the future
10 we all visit the moon or have holidays in space.
