Studying for exams

Most children have exams (0) at school, at the end of the year.

You need to learn a lot, and you (1) study every day. Some people like (2) with their friends. Your friends can help (3) But remember, if you have got a headache, you (4) stop then drink some water, sit still and be quiet. You (5) listen to loud music and watch television! It isn't good to study in the evening. Go to bed early and rest.
