Which overcame became

I spoke into his eyes  
I through thought though you

A long, long time ago  
  
Oh no, not me  
We never cost lose lost control  
You're face to face  
With the man who solved  
saved sold the world  
  
I laughed and choked shook  
looked his hand  
And made my way back home  
I researched searched marched  
for form and land  
For years and years I roamed

run roared  
I paced laced gazed a  
gazeless stare  
We walked a million hills  
I must have died alone  
A long, long time ago  
  
Who knows?  
Not me  
I never always sometimes lost  
control  
You're face to face  
With the man where when who  
sold the world  
  
Who known knew knows?  
Not mine me I  
We never lost control  
You're face to face
