similes

We use similes to make descriptions more interesting and to make a powerful picture in the mind of the reader.

Similes compare two things.

We use **like** or **as** to make a simile.

It smells **like rubbish**.

The mountain road looked **like a long snake**.

It's **as hot as fire**.

Her hands felt **as cold as ice**.

1 Similes.

3

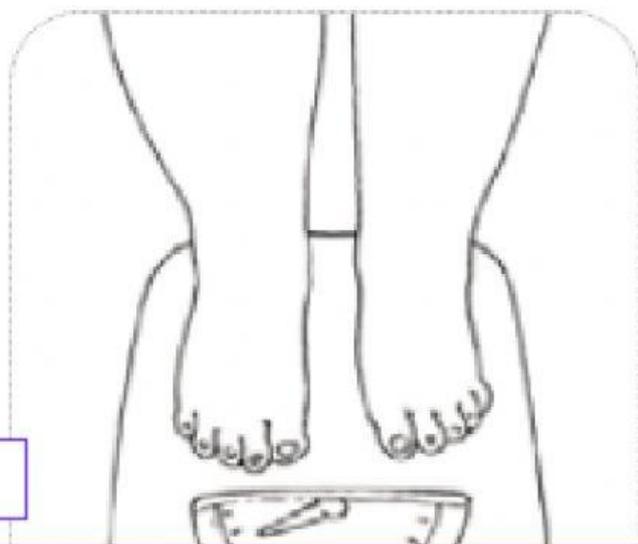

Complete a report.

Work in groups of four to complete the report below. Your teacher is going to give you a numbered text containing some sentences from the report. Do not show it to anyone in your group! Take turns to read sentences from the numbered texts aloud to your group. Listen and write the missing words in the spaces below.

Diet Disaster

People are getting 1. . The number of people who are overweight has tripled over the past 2. years. About 15% of children in the UK are 3. . In fact, one-third of overweight 4. are so heavy they will have serious health problems later in life.

Most children are overweight because their parents are 5. . This is because families share 6.

eating and activity habits.

Parents lead busy lives and fast food provides cheap, quick and tasty 7. . However, 8. is high in calories and fat. A soft drink contains about 6 teaspoons of 9. and makes people overweight. Recent studies by the US Agriculture Department now show soft drinks 10. people fat.

Many people do not take 11. exercise. Some people spend 12. in front of a television or computer and do not walk or cycle enough. The National Diet and Nutrition Survey (2000) found that about 69% of children spend 13. than one hour a day doing physical activity.

We need to help young people become a 14.

weight. This means we must 15. fast food advertisements. We must also get students to increase their physical activity and eat a healthy, well-balanced 16. .
