Read the paragraph and answer the questions below.

A Day at the Beach

Yesterday Mr. Hall went to the beach with his family. They took some food with them, and some bottles of Pepsi Cola to drink.

When they came to the beach, they all went into the water. They swam and played for a long time. Then Mr. Hall called his daughter.

"Samantha", he said, "will you help me make the lunch?"

The two boys, Nelson and Rick, stayed in the sea. But Mr. Hall and Samantha made the lunch.

Rick saw a big fish swimming about. He shouted to his brother, but Nelson was not listening. He was going out of the water because he was hungry. Then Rick came out too, and they all had lunch on the beach.

After lunch they rested for an hour. They swam and played again in the afternoon. They were tired when they went home. It was a lovely day!

Answer the questions about the story.

1. What did Mr. Hall and his children drink on the beach? **[1 pt.]**

   (a) They did not drink anything.
