

A horizontal sequence of seven blue squares, each containing a white number from 1 to 7, representing the initial state of the 7-disk Tower of Hanoi puzzle.

The screenshot shows the 'New Formatting Rule' dialog box in Microsoft Excel. The 'Select a Rule Type:' section has 'Format only cells based on their values' selected. The 'Format only cells with:' section is set to 'Cell Value' between 1 and 10. The 'Preview' section shows a list of values from 0.400 to 1.000. The 'Conditional Formatting' ribbon is visible at the top, and a list of formatting options like 'Highlight Cells Rules', 'Top/Bottom Rules', 'Data Bars', 'Color Scales', 'Icon Sets', 'New Rule...', 'Clear Rules', and 'Manage Rules...' is shown on the right.
