

Lesson 7: The food chain

Activity 1 Vocabulary

A) Read the text. Choose one word to match each definition.

We use pictures of a **food chain** to show how different animals and plants need each other. Some animals are **predators**. They eat other animals. The animals they eat are called **prey**. Some animals only eat plants. These animals are called **herbivore**. Some animals only eat other animals. These animals are called **carnivore**.

1. animals that eat other animals. _____
2. smaller animals are the food for larger animals. _____
3. animals that eat only plants. _____
4. animals that are eaten. _____
5. animals that eat only other animals. _____

B) Label the photos with the coloured words.
